

Meth Amphetamine Prevention (M.A.P.)

M.A.P. is a community coalition based in Harrisonburg, VA.

M.A.P. is funded by the Centers for Disease Control and Prevention's (CDC) Comprehensive Addiction and Recovery Act (CARA) and has a mission to help drug-free community coalitions (DFCs) to prevent substance abuse among youth aged 12-18. M.A.P. focuses specifically on meth use prevention and intervention among youth and their families in Harrisonburg, and the larger Shenandoah Valley area.

The Harrisonburg, VA – Shenandoah Valley Methamphetamine (Meth) Prevention and Intervention Bundle consists of the following five components:

1. M.A.P. Brochure
2. M.A.P. Fact Sheet
3. M.A.P. Presentation Slides
4. M.A.P. Toolkit
5. M.A.P. Info - Video 4 Youth

HARRISONBURG, VA – SHENANDOAH VALLEY METHAMPHETAMINE PREVENTION AND INTERVENTION BUNDLE:

**A must-have for youth,
families, and community
stakeholders**

**#OURYOUTHMATTER
#F4CMAP**

The Harrisonburg, VA – Shenandoah Valley Methamphetamine Prevention and Intervention Bundle

The M.A.P. bundle will inform those who work in the best interest of youth, families, and communities about the dangers, warning signs, side effects, and consequences of methamphetamine (meth) use. Filled with crucial information, the M.A.P. bundle is a must-have for all stakeholders working in fields such as:

substance use prevention, intervention, & treatment

family strengthening

community health & wellness services

harm reduction

government

law enforcement

education

youth development & engagement

& other related arenas

Who We Are

We are Faces 4 Change (F4C), a Youth Popular Culture Institute, Inc. (YPCI) Drug Free Community & Comprehensive Addiction & Recovery Act Coalition working to establish and strengthen collaborations and partnerships among communities, non-profits, & governments to prevent & reduce substance use among youth. YPCI is our business official, and with our partners and collaborators, we address the factors that increase the risk of substance abuse and promote the factors that minimize these risks. Our goal is to foster positive youth development and engagement in our efforts to be youth-led and adult-guided.
